

GROWTH THROUGH AGRICULTURE GRANT/LOAN PROGRAM

Project Summary for Fiscal Year 2012

(July 1, 2011 through June 30, 2012)

The Growth Through Agriculture (GTA) program is a grant and loan program established by the Montana Legislature to strengthen and diversify Montana's agriculture industry through development of new agricultural products and processes.

The GTA program offers Category I funding in the form of a grant or loan or both and funding is determined by a seven member Agriculture Development Council (Council) during scheduled meetings two to three times a year. The Council is comprised of the Directors of the Montana Department of Commerce and Montana Department of Agriculture and five Montanan's appointed by the Governor who are active in agriculture production.

The program also offers Category II Mini Grant funding with applications that are accepted on an open-cycle basis until all available funds are committed to approved projects. Project awards are determined administratively by the Montana Department of Agriculture.

Category I: Economic Development Projects

Category I projects may potentially be funded in a single application for a total amount of \$150,000 in the form of grant funding up to \$50,000 and loan funding up to \$100,000. Examples of project activities involve equipment purchases, advertising and promotion, and consultant services such as engineering costs and feasibility studies.
