Planned Project Activities

[Add](#)

Click on "Edit" and enter the status of the project activities OR you can click on the month or months in the "Time Period" column, then enter the status of the activity or event in the "Activities/Events Status" box and then click on "Save". Repeat the steps for each of the month(s) listed in the Time Period. If you need to extend the timeline of the grant project - you will need to click "Add" to create a new record.

Time Period	Year	Activity Description	Activities/Events Status
May, June, July, August, September, October, November	2018	Review literature and revise publications with updated information.	Revisions of whitetop and blueweed bulletins complete. New fact sheets on dyer's woad and rush skeletonweed complete.
January, February, March	2019	Solicit peer-reviews of revised versions of bulletins; work with MSU Extension Technology and Communications to design and format newer-style publications.	Revision of booklet on weed management after wildfire has been completed, reviewed, and is now being revised by authors.
April, May, June	2019	Print publications and begin distribution.	Completed for whitetop, blueweed, dyer's woad, and rush skeletonweed.
September, October	2019	Prepare and submit final report.	Yet to be completed.

Click "Add" to continue the timeline for the activities that will happen during the next reporting period of the grant. When completing the record, enter "to be complete" or a similar statement in the Activities/Events Status box.
