County	Latitude (Decimal)	Longitude (Decimal)							

### CHANGE OF INFORMATION

PLEASE COMPLETE:

1. The date, your name, business name, mailing address, city, state, zip code, phone numbers (business, cell, and fax), and your email address. Indicate whether your request is a landowner or beekeeper change.
2. Indicate the Site Registration # that this request for change effects. For sites registered after February 20, 2017, the number will be an alpha-numeric combination starting with "00" and ending with a dash and a number (ex. "001234AB-1234"). Sites registered prior to that data can be identified with either the new alpha-numeric number or the legacy number.
3. YOU MUST report site location as the latitude and longitude of your site (GPS Coordinates) to AT LEAST four decimal places.
4. The name of the landowner or land manager (in the case of commercial ranches, Indian reservations, state or federal land) must be legible. Please print on type this information neatly. The landowner or manager's approval signature is required for all site registrations.
5. Indicate the number of colonies of bees, hives, and equipment to be located on the site.

**Contact the apiary program by phone or email if you have any questions:**
