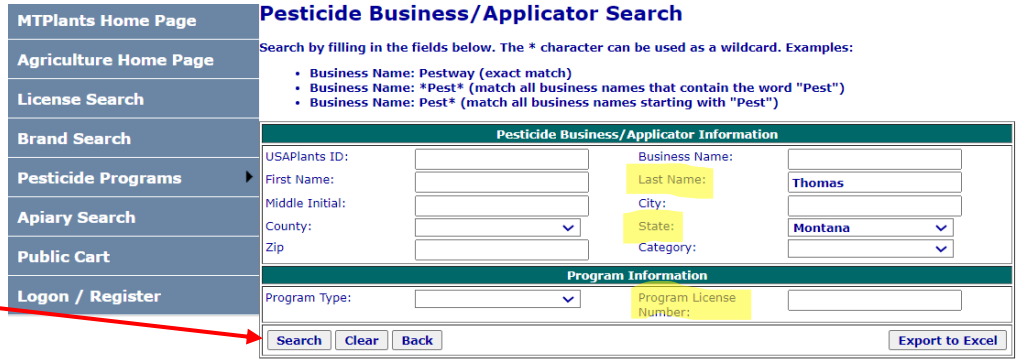
How To Check Credits

MONTANA DEPARTMENT OF AGRICULTURE

1. Go to bit.ly/MT Plants

2. Fill in your information in the highlighted areas in the image to the right.
   * *Only active licenses will show in this search.*

3. Select "Search."



4. From the generated list, find your name and USAPlants ID number.

5. Select your corresponding license under "Program Type."

6. This window will show you your categories, credits acquired, credits required, and credits needed before your category expires. It will also tell you the year your license expires.

7. In this example, the applicator has acquired 8 of the 12 required credits and needs to earn 4 credits by the end of 2023 to maintain their certification. The license also expires December 31, 2023 and will need to be renewed for the following cycle.
